

MA in Professional Development for Language Education

NILE'S MA in Professional Development for Language Education (MAPDLE), validated by the University of Chichester, is a flexibly delivered, modular postgraduate programme for professionals involved in ELT or in other sectors of language education who wish to develop their specialist skills. The programme is led by recognised specialists in their field, including Briony Beaven, Thom Kiddle, Alan Pulverness, Jason Skeet, Simon Smith and Johanna Stirling.

The MAPDLE has been offered now for over 20 years and was designed specifically for working professionals, to be affordable, accessible and flexible. It offers high levels of personal choice and control over the routes followed and the timing of modules.

Fast track opportunities

Students have up to six years in which to complete the MA, but those who have the Cambridge Delta or Trinity Diploma in TESOL will be exempt from the core module so long as they also have an undergraduate degree. Other prior learning, certificated and/or experiential may also be considered.

Mode of Delivery

Each module consists of a face-to-face or online course followed by a six-month period in which to complete post-course assignments with the distance support of the course tutor.

Face-to-face taught courses are offered for all our modules except Developing Learner Autonomy and the Dissertation. These courses are taught in Norwich or in one of our accredited centres in South America or Switzerland and are of two or three weeks' duration. Face-to-face courses in Norwich are eligible for EU funding support.

All modules are also available through fully tutor-led online delivery.

Start dates: Various (see dates of modules overleaf).

How to Apply: Direct to the Registrar, NILE: registrar@nile-elt.com or via our website www.nile-elt.com.

Entry Requirements:

Candidates should have a degree in a relevant discipline, language teaching experience, and also a level of proficiency in English sufficient for successful completion of a course of study at postgraduate level. Access to current language learners for classroom investigation is necessary for candidates who take the core MALTM module, and for some electives (MADLA, MATYL, MATALL, MACLIL). Access to current language learners is useful but not required for the Dissertation and for the other electives (MAMAT, MATEA, MAMILE, MATEAP, MATD).

The modules:

The MAPDLE is a 180-credit award (worth 90 points in the European Credit Transfer System)

The **Core Module**, Language Teaching Methodology (MALTM), is worth 60 credits.

The **Elective Modules** (see the list below) are worth 30 credits each. Two electives will need to be chosen from the list overleaf.

The Dissertation (15,000 words) is supervised at distance and applies the knowledge and skills acquired on the previous modules. It is an obligatory module for completion of the MA and is worth 60 credits.
